

GMO STATEMENT

There is no known Genetically Engineered/Modified Organisms (GMO) present in any of the macaroni and noodle products manufactured by the Philadelphia Macaroni Company plants. These facilities include Warminster, Pennsylvania; Grand Forks, North Dakota and Spokane, WA. Raw materials used in the manufacturing of our pasta and noodle products are declared GMO free. Additionally, Philadelphia Macaroni Company has no intention of knowingly purchasing any raw material or ingredient containing genetically modified organisms.

Respectfully,

Jennifer L. Joseph
