

Immediate career opening for a bright, detail-oriented leader to join our Pasta Manufacturing Plant team as a **Maintenance Mechanic**. The job holder must be able to communicate effectively with machine operators, production supervisors, outside contractors, management, and other plant maintenance personnel. Mechanics must exercise considerable judgement and problem-solving skills when supervision is not available. Working conditions can vary from extremely hot/humid to extremely cold work. Opportunity to work overtime. This is a full-time position located at our food manufacturing plant in Lee's Summit, MO.

DUTIES INCLUDE:

- Troubleshoot and repair plant equipment and facilities
- Performs general and preventative maintenance to assure minimal downtime
- Determine root cause and formulate corrective actions for all equipment failures that consist of either PM development, Operator/Technician training, or engineering out the failure
- Maintains proper records and files
- Promotes and exhibits strong personal and food safety practices. No shortcuts
- Ensures timely and proper completion of work orders
- Maintenance of pneumatics, hydraulics, AC frequency drives, instrumentation
- Welding and fabrication abilities (arc, MIG, TIG, oxyacetylene, etc.)
- Work with industrial electricity (master controls) to troubleshoot and repair electrical components and machinery including all three phase 480, 220, and other plant systems
- Strong background in rebuilding gears, motors, conveyors, reducers, bearings and other mechanical components
- PLC experience (programming and troubleshooting)
- Able to read and comprehend standard operating procedures, equipment manuals, schematics, etc.

OUR IDEAL CANDIDATE:

- Minimum 5 years maintenance experience in a Manufacturing Environment (preferably food)
- 2-year technical degree preferred (Electrical/Mechanical preferred)

MENTAL AND PHYSICAL DEMANDS

Sitting	0%	Reaching	Some
Standing	80%	Manual Dexterity	High
Walking	20%	Telephone	Minimal
Kneeling	Some	Computer Screen	Yes
Bending	Some	Lifting	50lbs

This position is in a manufacturing facility with temperatures 90–115 degrees, relative humidity 50-70%, and machinery noise. Hearing protection is required. Plant uniforms are provided and must be worn at all times in the factory. Steel toe shoes are required.

Our company offers a competitive package including PTO, paid holidays, 401(k), health, dental, vision, life insurance and short and long-term disability insurance.
