

Immediate career opening for a **PACKAGING MACHINE OPERATOR-3RD SHIFT** in our busy, growth-oriented 24-7 pasta manufacturing facility in **Lee's Summit, MO**. Our ideal candidate will be an energetic team player that is results focused with a continuous improvement mentality. This key role is an integral, impactful role in our manufacturing operation. Come join the team and grow with us as we take our organization to the next level of performance!

Job Summary:

A packaging machine operator is responsible for the safe operation of various packaging machines and quality control equipment. Responsibilities include the setup, operation, and troubleshooting of equipment to comply with company safety guidelines, good manufacturing practices, and productivity standards.

Essential Functions:

- Operate vertical form-fill-seal and folding carton equipment for the purposes of packaging dry pasta products for distribution in the retail and food service markets.
- Operate automated case packing equipment.
- Operate ink jet data and case coding equipment.
- Operate and monitor conveyors, elevators, and pallet stackers.
- Operate powered industrial trucks (forklifts).
- Maintain a clean and safe work environment.
- Lift, stack, and perform other various tasks as needed.

Essential Requirements:

- High School diploma or equivalent GED certification.
- 1+ years' experience in a manufacturing environment desired. Food processing experience is preferred.

Our company offers a competitive package including PTO, paid holidays, bonus based on performance, 401(k) with employer match, health, dental, vision, life insurance and short and long-term disability insurance.
